

T3I Solutions has an ***immediate opening*** for a Systems Programmer job at Offutt AFB, Omaha NE.

Qualifications:

***Active and current Top Secret clearance with SCI eligibility is required***

Experience with at least two (2) of the following languages: XML, XSLT, HTML, JavaScript, JAVA, C++ is ***required***.

Ability to read and modify existing code as well as develop new applications, and experience with net-centric and net-enabled objectives/principles, data architectures and methodologies is ***required***.

Experience with Linux is ***highly desired***.

The pay range is \$105-115K annual salary, and we offer 18 days annual vacation, 10 federal holidays, 4% 401K matching (immediate vesting), and dental/vision plans.

T3I Solutions is a very small, tight-knit 8(a) and SDVOSB, singularly focused on being employee-friendly, maxing out pay, super responsive to employee/Gov needs, and proud to have “zero” bureaucracy. Any employee can call the owner/president, anytime. Our current employees are fiercely loyal, which is based on our culture and the way we treat them.

If you (or anyone you know) is qualified and interested, please reach out or we can schedule a time to talk over the phone. Thanks!

Jim Collins

Operations Manager
